

## Technical Requirements

The following are the technical requirements for the New York Early Intervention System (NYEIS).

- Technical Requirements

In order to use NYEIS, municipal and service provider users will need the following:

- A laptop or personal computer that has
  - 512 MB Memory (RAM)
  - 1.5 GHz CPU
  - Windows XP SP2 or higher
  - Internet Explorer version 6.0 or higher
  - A high-speed Internet connection or NYeNet Access
- Less capable personal computers should work, but performance/response time will be degraded.
- If your operating system is Windows Vista, the memory must be increased to 2.0 GB.
